Conference presented and registered full paper will be included in digital conference proceeding, and submitted to major citation databases like SCOPUS, Google Scholar etc. for reviewing and indexing.

CFP Topics

include but not limited to the following

Nanomaterials and Nanotechnology

- Nanometrology and applications
- Nanomaterials and nanomanufacturing

Materials, Properties and Characterization

- Materials Characterization
- Materials forming, Casting and solidification

Functional Materials

- Functional Materials
- Magnetic materials

Energy Materials

- Energy materials – synthesis and applications
- Green and renewable materials

Materials Engineering

- Atomic fabrication and metal quantum materials
- Computational materials

Composite Materials

- Coatings, corrosion and surface engineering

BioMaterials

- Biomaterials
- Biomedical manufacturing

Submission System
